

FM RADIO PROGRAMS

Thanks to an NEA grant for learning materials, the library has been able to purchase an FM receiver. It will be tuned to San Francisco educational radio station KPFA to provide student and faculty access to the educational material broadcast. Any program will be taped by Audio Visual upon request, given enough time for the equipment to be set up. This service will be available during all the open hours of the library.

Up and coming on KPFA will be such programs as a student symposium on the war in Southeast Asia, and a discussion on religion by Rev. Carl McIntire. On the cultural front, Shakespearean plays such as "Othello," "Macbeth" and "Hamlet" are to be presented, along with Black poetry readings and talks on modern dance.

Music takes up a large portion of KPFA's air time. Works by such famous composers as Copeland, Beethoven, and Bartok.

QUEEN MATERIAL--Candidates for Homecoming Queen gathered this week to let Sentinel readers view all that beauty in one bunch. Nervously awaiting the voting next week and the coronation Tuesday night are (front row) Charleen Milburn, Sonja Harami, Jeanne Lim, and Liza Cheung. Second Row: Tahni Stefani; Lynda Everts, Jean Andrews, and Sally Pena. Third row: Eileen Ball, Shirlyn Cobb, Lorna Kalama, and Pam Lynn. Too late for the photo but inserted--Suzy.

13 BEAUTIES VIE FOR HOMECOMING QUEEN

Several dances and free lunches plus the coronation of Homecoming Queen will be the highlights for the Homecoming festivities scheduled this week and next. Last Tuesday, queen candidates were chosen to represent their clubs. The presentation of these candidates and a free lunch will be held on Monday, November 9. The following day, candidates will be voted upon by Hartnell students. Later in the evening, the Queen Coronation Ball will have the "soul" beat by the sounds of "87th Off Broadway," and the presentation of 1970 Homecoming Queen will be announced by Gaines Thomas.

A Homecoming game rally at 11 a.m. is scheduled on Thursday with a free lunch at noon. Friday will feature the sounds of folk music during the Homecoming barbecue from 3 to 5 p.m. At 7 to 9 p.m. of that evening, La Teatro de la Gente will be sponsored by Mecha and the ASB in the Men's Gym.

Homecoming will end next Saturday with an afternoon parade from 1 to 3 o'clock, the MPC football game in the SHS stadium at 8 p.m., and the Homecoming game dance from 10 to 1 p.m. "livened" by the vibrations of the New Miracles.

Queen Material

From these 13 candidates, the Homecoming Queen and four princesses will be determined by students on November 10:

Charleen Milburn -- A freshman who is representing Band Club. A political science major, she is a graduate of Notre Dame High School. A Salinas resident, she is the ASB Commissioner of Rallies and Assemblies and is a member of Hedonist Society.

Sonja Harami -- A physical education major, she represents the Arab-American Club. A graduate of North Salinas High, this freshman is also a member of International Club and W.A.A.

Jeanne Lim -- Miss Lim is representing the Chinese Club,

and plans to become employed as an airline stewardess. A graduate of Alisal High, she is in her freshman year here at Hartnell.

Liza Cheung -- This foreign exchange student came from Hong Kong. Representing the International Club, she is a business administration major and is also a member of the Chinese Club.

Tahni Stefani -- A drama major, is a graduate of Alisal High. This is her first year here at Hartnell.

Lynda Everts -- Representing I.V.C.F., Miss Everts is a Psychology major and a graduate of Salinas High. She is also a member of Choir, and is treasurer of Band Club.

Jean Andrews -- Miss Andrews is an ancient history major. This sophomore is representing the Garbage Club.

Eileen Ball -- She is the secretary of the Newman Federation and is representing that club. A graduate of North Salinas High, Miss Ball is an art major.

Shirlyn Cobb -- A physical education major, her hometown is Dallas, Texas. A graduate of North Salinas High, she is currently the president of W.A.A. and Commissioner of Women's Athletics.

Pam Lynn -- Coming from Morristown, Ohio, Miss Lynn graduated from Alisal High here in Salinas. A sophomore here at Hartnell, she is a member of Choral Club, Chamber Singers and Pop Group.

Lorna Kalama -- The 5'6" graduate from Tumwater High in Olympia, Washington, plans to become an airline stewardess.

Sally Pena -- A graduate of Alisal High, Miss Pena plans to major in education. Residing in Salinas, the freshman candidate is also a member of W.A.A.

Suzy Asinas -- A graduate of North Salinas High, Miss Asinas is a business major and works in the data processing office at Hartnell. Also an employee at Bank of America, she is a member of the Hedonist Society and represents that club.

Drama Season Tickets Now

With the drama season opener so successful here is a reminder for those who may desire season tickets for future presentations.

Season tickets are

available for \$5 and may be purchased either at Gadsby Music Company or at the ticket booth.

Season tickets cost is \$3 below the total cost if tickets

are bought individually for each show.

Reservations may be made by phone, or in person, by calling Mr. Holback's office, Rm. 2, Student Union Bldg.

At curtain call here sits Tevya and his family. They are, from the top left, Fefel Perchik played by Randy Pubas and Mike Rega as Tevya. Middle row are Mary Comeau as Hodel and Robin Libbee as Golde. Bottom row are John Brockman as Mottel Kamzoil, Ondia Bartoli as Tzeitl, and Mary

Firth as Chava.

Tonight and tomorrow will be the last night this play will be presented. It has already been highly praised by teachers, parents, and students. It is also Mr. Ulrici's 100th production, so why not make it his best?!

by Nichols

OF POLITICIANS 'N' PENDULUMS

With national LIELECTION WEEK in full swing as this is written, it seems inappropriate to talk of anything else. Since there has been little else on the video, I have fallen victim to the spell of LIELECTION HYPNOSIS and being easily influenced, I am going to vote for Reagan, Unruh, Riles and Rafferty and as a side effect I am not going to eat any more beans unless Mrs. Smith is on the can.

Completely convinced that all the propositions are both good and bad, I will have to use an eeny-meeny-miney-mo system on them.

Law 'n' Order Platform

As each election hopeful used the "law-and-order" platform the claims got wilder and wilder. I am certain that soon after election it will be a sin to get caught with anything stronger than ice cream and we will have a 6:30 p.m. curfew. Roy Wilkins has stated that the screams of "law 'n' order" send a chill up the spine and Spiro is out to "squeeze out garbage." Lists of radical speakers are in the making and I am sure they will be followed by lists of radical writers. It follows that radical readers will be next, so I spent the weekend burying all my copies of "Tribe," Rubin, Newton, Malcom X and my "Mad Magazines." Also back issues of the "Chronicle" and my Walter Bean's "California History" and some (heh heh) nasty novels. Going to get myself a crew cut and throw away my Smirnoff Vod-

ka bottles (sounds very subversive). Should be able to face the world after that. Just to be supersafe I do believe I will start saluting every officer of the law I should encounter.

With the help of my ghost writer, Mr. Zigveit B. Shtook, [sic] I have figured out why this all came about. Be my guest and read on.

Skidding to the Right

While opposed to many of the actions of the extreme left, a great many Americans

have sat still because they dreaded another evil even more — the extreme right, which is by far the more dangerous. I believe it was Huey Long who once made the statement, "America will never succumb to fascism but it could fall to Americanism." He had in mind the extreme right I am sure.

Like cows waiting to be milked, the public has watched our liberal politicians and leftist groups push the pendulum far to the left, and, partially agreeing with them, held tongue in cheek awaiting the outcome. Owing to the greatest evil of all time, the TV camera, progress was swift. Too swift.

We woke up one morning to find full scale revolution in our bed. Underground activity that makes the French underground during the Nazi occupation look like kindergarten was here. Wham.

The courts, preoccupied with the belief that "its better to turn loose a thousand guilty than convict one innocent," were covering revolutionaries with the blanket of the Constitution and ignoring the fact that in protecting the civil rights of the few, they were stepping on those of the many.

The terrified "silent majority" rubbed its eyes and cried "foul." The John Birch Society took advantage, and some of their members slipped into office without much fanfare. Americans began to trade one evil for another and "law and order at any price" began to be heard. Brutal police killings all over the country turned the tide and the pendulum stopped, as far left as it would ever go.

"Bloodbath"

Forgetting, of course, that it was apathy on their part that caused it, honest hard working Americans were heard to say such unbelievable things as "Well, if we have to have a bloodbath, let's get it over so we can get back to naorml."

Left or Right?

Mr. Nixon has pledged greater police protection and powers. Do we follow Canada? God help us if we do. Is the pendulum going to swing back to the center, just left of center, or will it race all the way

to the right?

I cannot imagine unlimited police power in this country, but I am sure a poll would have shown Canada the last place on earth where it could happen. Law and order is very popular right now. Just listen to the candidates speeches!

I am mad at somebody, everybody and everything that brought this on, but mostly at myself for standing like a cow waiting to be milked. I hope it won't be too painful.

G. Nichols

Food Good For You

Some cats asked me to get them information on the Monterey County Food Coupon program. Mr. Jim Hage, Food Stamp Coordinator, was kind enough to grant me an interview and explained it all to me. I learned much.

First off, forget the rumors about the two hippies who get 500 buck's worth of stamps for nothing and drive a new 'vette. Let's leave that worry for the "establishment" papers. They seem to groove on it. Food coupons are put out by the U.S. Department of Agriculture, not the WELFARE DEPARTMENT. In most counties, the Welfare Department determines who gets them and how many, but they act as administrators only.

The prime purpose of food coupons was to move U.S. produced food; the secondary purpose is to provide additional food to the low income families. You do NOT HAVE TO BE ON WELFARE TO GET THE COUPONS.

Eligibility is based on income minus expenses. Expenses can be car payments, doctor bills, ASB cards, tuition, books, laboratory fees, child support, alimony and babysitting costs.

For example, if there are three in the family and you make less than \$237 after all deductions, you are eligible. The lowest amount of coupons you can get is \$28 per month and the highest is \$212 per month. You might pay \$2 for \$212 worth of coupons or you might pay \$200 for the same coupons; it depends on ADJUSTED INCOME.

Many banks besides B of A are on the program here in Monterey County, including Monterey Savings and Loan on Main Street. The food stamp office is in the County Courthouse, not the Welfare Department office. So, some of you lean-looking cats who are eating close to the bone, let's hear it for these stamps.

Uncle wants you to have them. The girls in the stamp office mentioned above can give you more details about income. Pass me another of those fat ribs, baby — Over and out —

Nichols

EDITOR'S MAILBOX

Hartnell College has many problems. The problem I'm concerned with is the oppression of a minority at Hartnell College. In Hartnell's 51 year history there has never been any Black faculty members. Even the friendly Negro custodian is absent at Hartnell.

Recently the Black Student Union, a club at Hartnell, circulated a petition stating that: "We the members of the Black Student Union demand the immediate employment of both a Black teacher and a counselor. We feel it is less than coincidental that there has never been any Black teachers at Hartnell. We are not at all interested in whatever rhymes or reasons may be offered for Hartnell's racist position. We believe a Black teacher and counselor would be beneficial to the entire student body."

Strangely enough some people were put off by this petition and refused to sign it. Some people based their refusal on the use of a single word within the petition, the word "demand". It seems to me that the issue here is not word usage. The issue is whether the students at Hartnell are entitled to have the teachers they need and desire.

A teacher is a respected figure to most college students. He represents their hopes and dreams.

It is critical that students be exposed to Black teachers,

for how can a man relate honestly to another if he has never seen the other in a position which he could respect.

It is long past the time that some of the learned men at Hartnell were Black.

When students graduate from their colleges and universities and take their positions as future leaders, they must be able to learn from and understand all their brothers. Colleges cannot teach this to anyone. The least a college should and must do is give students the opportunity to know and respect each other as men.

The all-white faculty at Hartnell constitutes a racist position — blatantly racist. In an age when enlightened institutions are beginning to make serious efforts to eradicate racial inequalities, Hartnell has somehow maintained basically the same hiring policy for fifty-one years.

The absence of Black faculty members is particularly insulting to this writer and to other Black students. The lack of Black teachers, among other things, amounts to an inference of intellectual inferiority, which must not be allowed to continue. I appeal to you, the aware students and concerned members of the community. Let the administrators of Hartnell know "The times they are a-changin'."

Ernest Randall

Editor:

Jackie-Baby, talk about putting the cart before the horse — this fox has uncovered the biggest coup ever pulled on your puppet commission and dummy I.C.C. reps.

Like babies in the back seat of a buggy, they were taken for a political ride by the newest addition to the hallowed halls of Hartnell — "The Hedonist Society" — "Hedonist", by the way, is a Society whose sole purpose is to have fun, and believes in the doctrine that pleasure is the principal good.

Not having even formed as an official club; yet, this go-get-em society has already presented us with a free rock concert by the "New Miracles" to announce their queen candidate, Miss Suzy Asinas. Miss Suzy is probably the only one that will be known to the rest of Hartnell, for this Society is so secretive that the president doesn't know who the members are.

And another thing Jack, the Hedonist Society — they prefer to be addressed as a "Society" — has acquired the honor of hosting the coronation ball, November 10. We can admire the enthusiasm and dynamic leadership of the "Society," but is this being fair and equal to all other clubs, who have had

their constitutions approved and completed all of the other baloney that must be met in order to function as a club — in other words, to sponsor queen candidates, host dances, and vote yes or aye at the I.C.C. meetings. Although, it is refreshing for a change to see a "Society" cut through all the red tape and do what most other clubs only dream about.

Is it morally or legally right for the dynamic "Society" to tunnel under the other clubs by slickering the boobs of I.C.C. and out maneuvering the other club presidents — even if the presidents of other clubs are only content to sit on their thumbs and bask in the glory of being "president" of such-and-such a club with little or no interest in promoting anything constructive with that club [sic]?

Jack, as president of the largest club on campus, our student body, I thought that this little matter should be brought to your attention, as you are the guiding light. I feel sure you will do something about remedying the situation.

A charter member of the Hedonist "Society" who feels illegitimate.

Terry Moore

Dr. Iconoclast Speaks

Indoctrination into a system that cultivates self destructive activities such as alcohol, drugs, tobacco, or prejudice, as leisure time recreation for its members, only reflects the weak cultural base upon which it originated.

In a permissive society such as the United States, this creates a situation that actually requires more work for so called relaxation than it does for the individual to actually fulfill his role as an employee. The individual thus is exposed to frustrating experiences at a more vulnerable time when he participates as a social being than any other period throughout his regular day. This then leads to an interesting question, "Is man merely a product of circumstances or is he an individual with free will?" The answer is obviously NO! Man is merely molded by society into just the role that society happens to need at a given time. This is only more enforcement to validate the concept of evolution. "Those who can not make the grade are cast by the way side." If you do not think so, just consciously observe interaction of some individuals participating in a society. Take a look at a mother rearing twins. The mother rewards the child who walks first and casts disapproval toward the other child.

Now another question arises, "How can there be peace in a system that operates on pure inconsistencies and paradoxes?" Now is the time to take stock and re-evaluate the over-emotional norms that have lead the United States to be called the Separated States. The main point here is merely to express the diversity of our country and not try and force the "American Way of Life" on other individuals. If you can accept the fact that all people are inadequate, you might be able to realize what "Brotherhood" means. Wake up and become autonomous rather than a cow that follows the herd because peace is based on accepting individual differences.

New Club Gone Wild

Enthusiasm in the organizing of a new club has stirred the campus. Taking advantage of the open atmosphere of nothing being planned by other clubs, the "Hedonist Club" grabbed Tuesday, November 3, to publicly announce their presence.

The gala affair was pointed up by music of the "New Miracles".

Not to be confused with the "New Miracles" presented Thursday, October 1, this is a group formed from the old "New Miracles" and the "Exotic Soul".

"Needles" at work ...

NICHOLS' NEEDLE SHARPENED ASB HAPPENINGS

"One of my favorite hobbies is watching cock-fights. In fact, did you know that George Washington was the first president of 'American Cockfighting Association'?"

Combine this favorite pastime with satire writing, and an endowed knack for cartoon sketching. Add a talented architect, last year's editor of the Panther Sentinel, and a skilled draftsman. Put these all together, and who do you have? If you haven't guessed by now his name is Glenn Nichols.

A graduate of San Diego High, Nichols joined the Navy at the age of 17, and was trained as a machine-gunner on airplanes. During the time he was in the service, he attended San Diego State for 3 years under the Navy Extension Course, and also wrote for the Navy Blue Jacket, which was a "very 'establishment' type, no opinions, and strictly news" newspaper.

After he left the Navy in 1950, he worked for the railroad as a traffic clerk, and was a bartender at night. Due to a plane wreck in 1956, he entered a Maryland hospital, had his back "wired up", lost use of his left arm, and six months until his recovery.

Deciding to go back to college, in 1968, Nichols enrolled at Monterey Peninsula College, and the next year

transferred to Hartnell. Since then, he has been editor of the Panther Sentinel and was number one student in his drafting class. Today, he attends classes, writes editorials for the Panther Sentinel and studies half-day at Hartnell. During the evenings, he is an architect at Barstad & Wall Architect and occasionally writes for De Camp Publishing Co., a satire humor magazine.

A middle height man with wavy blond hair and who walks with a limp, Nichols is married and has 3 children ranging from 17 to 13 years. Approached on the question of a generation gap in his family, Nichols replied:

"There is no generation gap in my family...generation gaps do not exist unless it's adult created."

On the subject of campus unrest, Nichols was asked how he felt about the

Kent State shooting. He answered: "I'm undecided...my first reaction was that it was unnecessary, but now after reading and reading, I'm still undecided."

Nichols' views on vice-president Agnew was: "I like him on television, but not on his attacks on radical students, because there aren't really that many student radicals...I think riots usually don't start unless there are television cameras."

Nichols then concluded: "There are a great deal of people in my age bracket with liberal ideas except to a point we're afraid of it, and tend toward Americanism."

Speakers of every conviction will be presented by the Cultural Activities Commission during this scholastic year.

Mr. Kenneth Goff, a minister and former head of the Communist International Youth Movement will speak here Tuesday, November 10.

Mr. Goff has become a radical rightist and his presentation will be anti-communist in nature.

Coming February 17, is Mr. William Kunstler, attorney, who represented the "Chicago Seven". Mr. Kunstler conducted himself in such a manner that presiding Judge Hoffman, has sentenced him for contempt of court. That sentence is still under appeal.

In March on the 17th, Dr. Paul Ehrlich, Professor of Ecology at Stanford University, will speak on that subject.

Dr. S. I. Hayakawa, President of San Francisco State College will be here April 16.

Larry Sloan, Commissioner of Cultural Activities, says, "I hope I can get Kunstler and Hayakawa to speak on "Radical Students". They would surely have opposing views."

BSU Contribution

The Black Student Union organized and presented a "Rock Concert" Thursday, November 5. Candidates for

Homecoming Queen were introduced to campus voters.

"I wish other campus clubs would try to come up with a band of their own choice," commented Larry Sloan, CCA, "This interest shown by the BSU is really appreciated."

M.E.C.H.A. Does It

Friday night, November 13, M.E.C.H.A. will present "EL TEATRO DE LA GENTE" a satirical group from San Jose State. Translated as the "Street Theater" the group discusses in playlet and skit form many current topics, such as the Viet Nam war, Big business, Chicano liberation, etc.

Admission will be free. Time: November 13, 7 p.m. to 9 p.m. in the Men's Gymnasium.

Free Screening

The ASB Cultural Activities Commission with the help and guidance of Mr. Bragman of the Art Department will present an "Environmental Showing" in the student lounge Tuesday, November 10. Continuous showings will run from 12 noon to 5:30 p.m. Admission free, everybody welcome.

Roving Reporter

Question: Why do you think that the 21 to 25 age group has the lowest percentage of voters?

Les Hall: They have not lived long enough to become disillusioned by our democratic process.

Marilyn Lowe: Because there are a lot of guys in Viet Nam who don't get to vote and because a lot of students in college are too lazy to get their absentee ballots.

Ada Sum: Because they are not Republican or Democratic and they can't decide. They are liberal and they listen to both sides and compare and analyze.

Jane Sarmiento: Because most of them are not interested in politics too much. I think when a person starts to get older and realizes that politics has an effect on his life, that is when he begins to become more involved and concerned with it.

Doug Watson: Most of them are too involved in their own world and they are too lazy to vote. They also forget. This is a very rough age with college, the service and marriage in mind. Pressure really begins to build up about majors, the draft, studying, etc. One of the faults of humans is that we are too closed-minded.

Bill Schroeder: Because they do not think that their vote would make any difference.

Hartnell-Cabrillo Tangle Tomorrow

Hart's football gridders will travel to Aptos tomorrow to clash with the Cabrillo College Seahawks in their last away game for the Coast Conference competition. The Panthers will be taking a 2-1 conference record into the slated 8 p.m. game.

Time of tension has arrived in the CC as a crucial game between Gavilan and MPC will be played as both teams are 3-0 in league play. If MPC upends Gavilan and Hartnell beats Cabrillo, then Hartnell's game with MPC next week may determine the Coast Conference champion.

The possibility of a three-

way tie in the final CC standings is very present though it is unknown at the time how the CC winner will be chosen.

Hartnell will be coming off two straight wins in going to their contest with Cabrillo College. Cabrillo was beaten by MPC last week 30-16 while the Panthers downed Ohlone 27-7.

Playerwise Coach Tony Teresa's Panthers will be possibly playing not completely up to potential since many players have been on the injury list. Hardest apparently hit has been the backfield as Gary Hines, Alton Gerard, Ray Gutierrez, Mike Teresa, Sam Albanese and Russ Ostarello are hurt.

CROSS COUNTRY RUNS IN CC FINALS TODAY

Coach Arvin Smith's distance men will travel to Monterey Peninsula College today to run in the Coast Conference cross country finals. MPC will be hosting all the CC teams and the meet is scheduled to begin at 3:30 p.m.

The Panthers this season have been extremely succes-

ful in their dual competition by ending being unbeaten in regular meets.

Out today to retain Hartnell's CC championship crown are spikers Don Shaw, Phil Garcia, Bryan Kujala, Mike Casarez, Paul King, George Cunha, Mike Vogt, Johnny Paz, Leif Johnason and Rudy Castillo.

Students Must Buy Tickets For Cabrillo Grid Game

For all you frantic football fans who are planning to attend the Hartnell-Cabrillo game, the Cabrillo box office announced teacher honorary cards WILL be honored at

the game.

Pre-game tickets can be bought in the student book store for \$1.50 while all game tickets will be \$2.00 at the gate.

BASKETBALL SCRIMMAGE SLATED IN GYM TOMORROW

Hartnell's cagers will conduct a practice scrimmage with Foothill College tomorrow in the Hartnell gym at 11 a.m. All interested basketball fans are invited to attend the mock game.

Several more scrimmages will be played at Hartnell with other colleges in the future as the Panthers prepare for their season opener with San Joaquin-Delta in Stockton.

PANTHERETTES on a Panther - - Some of the sporty types held an election last week; the lucky ones pictured here gained offices in Womens' Athletic Association. From left,

Vera Cabrera, publicity; Linda Farrell, secretary; Shirllyn Cobb, president; Leonie Geronimo, treasurer; and JoAnne Morisoli, vice president.

HURRYING HERRICK--Panther backup man Mike Herrick goes around right end for good yardage behind the blocking of Keith Baggett (50) and

Dave Pusley (75). Hartnell beat Ohlone 27-7 for their second straight conference victory.

HARTS DOWN OHLONE

The Hartnell football team chalked up its second straight Coast Conference victory last Saturday night in Union City by defeating the Ohlone Renegades 27-7 to run the Panther CC record to 2-1. Hartnell spotted Ohlone one touchdown in the first quarter and came back four TDs to get the win.

Ohlone was the first to draw blood as Mike Pollard took a punt and scooted 92 yards to paydirt early in the first quarter. The PAT kick put the score 7-0 favoring the Renegades.

Prolific Panthers Push On

From that point on it was TOTALLY Hartnell as the prolific Panther defense allowed only 17 yards rushing

and 52 yards passing the rest of the game as the Renegades managed just four first downs the entire game.

The Ron Sefani led Panthers marched well into Ohlone territory after the Ohlone kickoff and stalled. Ohlone took over after Neal Munn's field goal attempt fell short. A couple of plays later found Ohlone fumbling the ball back to Hartnell as an alert Curt Huckaby recovered the loose ball.

TD Minus PAT

It took the Panthers but two plays to register a TD from the Ohlone 19 as Alton Gerard carried for two and then Mike Teresa showed his running skill by scampering

17 yards for Hartnell's first game score. The PAT kick failed leaving Ohlone ahead 7-6.

Russ Ostarello capped a Hartnell scoring drive midway through period two on a short run to account for the second TD. Neal Munn's PAT kick attempt was blocked, however Hartnell was on their way 12-7.

In the second half defensive back Mike Herrick set up a Hartnell score as he intercepted a Renegade pass early in the third quarter. Russ Ostarello, Sam Albanese and Ray Gutierrez were instrumental in this drive as Gutierrez powered in from five yards out to tally the third TD. Teresa ran in the 2 point conversion and put Hartnell ahead 20-7.

Fumble and Finish

As a result of hard hitting, Dave Pusley recovered a fumble on the Renegade 23 shortly after the kickoff. Albanese topped the short drive three plays later on a 12 yard run. Munn's kick pushed the Panther's lead to 27-7 to finish the scoring.

Looking good as a unit on defense were Panthers Ron Tate, Dave Pusley, Pete Maturo, Jimmy Ferrel, Tom Guice, Tom Hogue, Ron Rim, Richard Cruz and Manuel Narciso. Offering no comfort in the secondary were Bill Schroeder, Jim Shires, Mike Herrick and Mike Doglione.

Pantherettes Overcome Fort Ord Wacs 50-23

Hartnell Women's Basketball team traveled to Fort Ord Tuesday, October 27, for their first scrimmage. Despite several minor injuries and some extremely rough play, Hartnell emerged with a

50-23 victory. High scorer, Joanne Morisoli, led her team with 20 points, followed by veterans Barb Burnet and Terry Frates with 16 and 8 points respectively, Mamie Glynn, Shirllyn Cobb, and Janis Frates with two points each.

Other Hartnell players Bernie Datan, Julie Pepito, Rosita Empasio, Donna Victorine, Leonie Geronimo, and Marth Carcamo completed the winning team. The girls have, as of this date, six scheduled games. Next, Hartnell travels November 3 to San Jose City College to officially open this year's intercollegiate basketball season.
